Applicant

PERMIT GRANTED \_\_\_\_\_ PERMIT DENIED \_\_\_\_\_

DATE: \_\_\_\_\_

\_\_\_\_\_  
Road Agent, Town of Danville, NH  
Highway Department

Failure to complete construction of said facility within one calendar year of the date of this permit shall render this permit null and void. Any construction in violation of the above conditions shall be corrected immediately upon notification by representative of the Town of Danville, or costs of removing same shall be fully borne by owner.

## Attachment to Driveway Permit Stormwater Management

1. Disturbance of an area over one acre requires a Notice of Intent to be filed with the EPA
2. Erosion control must be used to avoid sediment and debris to be carried to stormwater systems
3. Construction vehicles can leak fuel, oil, and other harmful fluids which can be picked up by stormwater and deposited into local water bodies
4. Divert stormwater away from disturbed or exposed areas of the construction site
5. Install silt fences, vehicle mud removal areas, vegetative cover and other sediment and erosion controls and maintain them especially after and during rainstorms
6. Prevent soil erosion by minimizing disturbed areas during construction projects and seed and mulch bare areas as soon as possible
7. Remove temporary measures only after construction is complete but ensure they are removed after completion of construction
